

GRADE 10 SCHOOL PROJECT

Candice Franken is in senior high and she was given this project to present, and even the small touch I had in this I was still proud to be of help, this is a girl who seems to have the outdoor allure.

Here is her project, they had to complete such a task and mounting, painting etc had to be completed, till the last glass was fitted.

NEXT watch this space; she will soon be out calling and in the photos with jackals!

Congrats Candice!
