

# KNIVES OF SEVERE VALUE

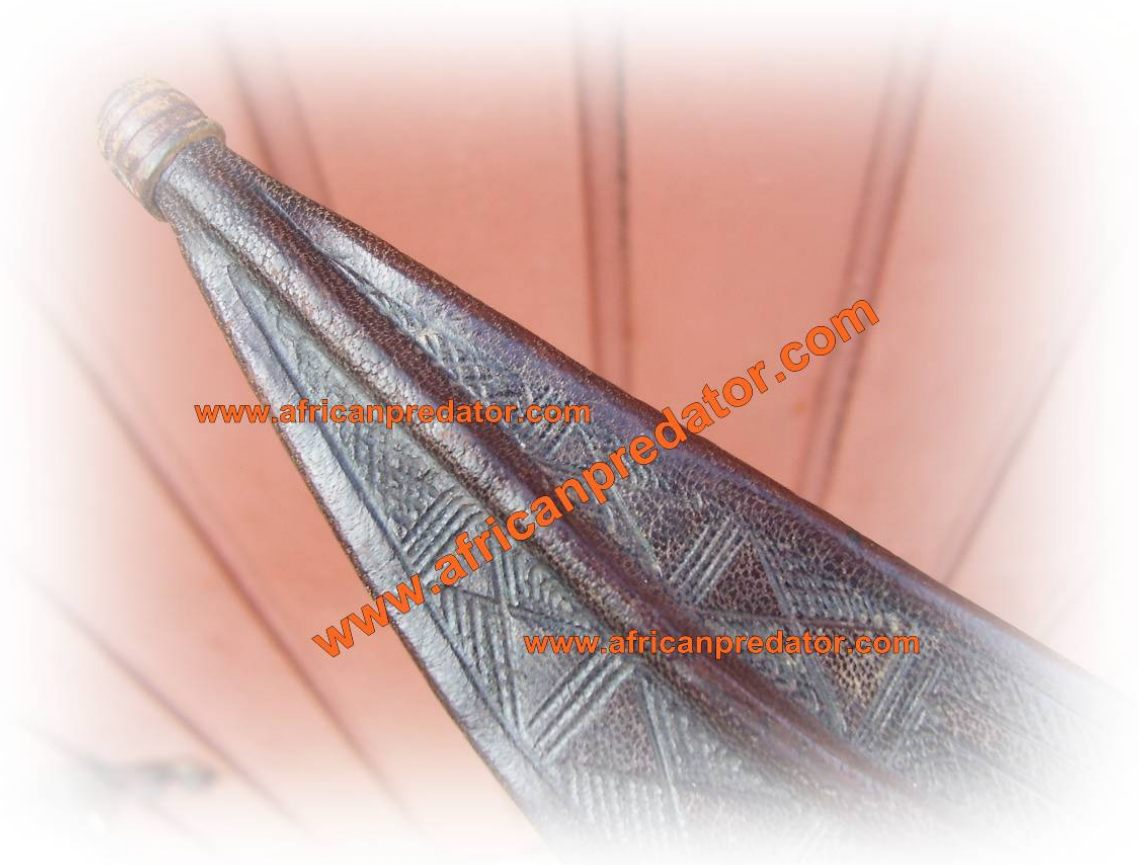

## ***PART 1***

**My family worked diamond mines in Africa for many years till just recently, and in travels throughout Africa have collected knives from many people and places, I am putting values on various knives collected.**

**This particular knife was collected by my uncle when he was 15, he is now close to 85, and this knife is over 100 years old and was collected near the pyramids.**

**If you know anybody that can value such knives let me know. This is the first knife is a series of knives to follow here;**

**Here are a few pictures.**
